ART GUIDELINES

- Keep all important information between the dotted lines to avoid stitch lines.
- All graphic files must be created at 150 dpi.
- Do not scale the artboard.
- All graphic files must be created using CMYK.
- To ensure a specific color matched, provide a PMS color or we cannot guarantee color matching.
- All images must be embedded.
- All fonts must be converted to outline.
- Finished artwork is to be supplied as a PDF.
- Do not delete the TEMPLATE and INSTRUCTIONS layers as these are required to ensure the instructions have been correctly followed.
